

Industry Panel Guidelines

This document contains information and guidelines for Panel organizers and participants, within IEEE ICC 2020.

Goal

An Industry Panel, to be held in a conference time-slot, aims at bringing together speakers from industry and academia, encompassing several sectors, to discuss a timely and relevant topic of interest to conference participants.

Proposal

The proposal for an Industry Panel should follow the **template** indicating the following information:

- Proposer information.
- Title, Motivation and Background.
- List of 5 questions to be discussed/answered in the panel.
- Participants' information.

The proposal should be sent

- to the Industry Panels Chair, Periklis Chatzimisios, at icc202.ind.panels@gmail.com,
- as a PDF attachment,
- as a file named "Panel-Proposal_proposer(s)name(s)",
- by the deadline, 14th February 2020.

Structure

To allow enough time for discussion in the Panel, which is its main goal, the following structure should be followed:

- The Panel should not have more than 4 participants, plus the moderator. The organizer is supposed to be the moderator. There should be only 1 moderator.
- The organizer has to establish a few questions to be addressed by the participants.
- The panel occupies one time-slot, i.e., 1h30.
- Panels will be held during the conference program, in parallel to other technical sessions.
- The moderator gives a 10-minute presentation at the beginning of the panel, to introduce the topic.
- Participants should address the questions posed, in a 10-minute presentation each (very strict time control!). Basically, the presentation should consist of 6 slides, i.e., the cover slide plus one per question.

Public information

The following information will be made public via the conference website:

- Panel Title
- Motivation and Background
- Questions
- Organizer/Moderator and Participants name, position in company/institution, company/institution, country, CV, photo.

Evaluation

The following criteria will be taken into consideration for the evaluation, and ranking of Panels' proposals:

- Relevance
- Timeliness
- CVs of Organizer/Moderator and Participants
- Non-superposition of themes

The Industry Panels Chair and the Industry Forum and Exhibition Co-Chairs will conduct the evaluation.

Registration

The following apply to Panel Organizers/Moderator and Participants:

- If attendance is only for the day of the panel, they get a free One Day Registration each.
- If attendance is for more than the day of the panel, each will have to pay for a regular registration.
